“Alpine Memories”

A good 20 years ago I had the pleasure of my first time meeting the Adam Barthalt group and got to know Adam and his wife Margarethe.

The fond memories of all Adam’s travel group members especially with the mountains of Austria and the music and dance as part of our common history made me understand the “True” meaning of “Heimat” or “Homeland”

The heartfelt pain of “homeland longing” in the hearts of the many people who at a young age had left Europe, and were revisiting, was replaced with found memories through Music and Nature!

Adam and his music is for many people a chance to keep those Alpine Memories Alive! I am happy to know that I could participate as a small piece to this puzzle of memories. Thank you for letting me take part in it!!
